Irrigation Craft Econo Pump Systems - Fully UL Listed - Easy to install

All Econo models use ODP Motors

All Pump performance information is based on 15' of suction lift

## Pressure Demand

Used on hydraulic system upgrades and remote clocks.

In order to maintain the UL Listing pressure tanks are not provided.

Install your own pressure tank as needed on site.

Horse Power - GPM	PSI	Voltage - Phase	Part Number	Price

<b>2hp @ 40gpm</b>	<b>43</b>	<b>230 1phase</b>	<b>E-PD-1-2</b>	<b>\$3,780.00</b>
3hp @ 40gpm	55	208-230-480 3phase	E-PD-3-3	\$4,000.00
<b>3hp @ 40gpm</b>	<b>55</b>	<b>230 1phase</b>	<b>E-PD-1-3</b>	<b>\$3,950.00</b>
5hp @ 65gpm	66	208-230-480 3phase	E-PD-3-5	\$3,725.00
<b>5hp @ 65gpm</b>	<b>66</b>	<b>230 1phase</b>	<b>E-PD-1-5</b>	<b>\$4,350.00</b>

## Clock Demand

Our Econo Clock Demand stations come pre wired with a 4 zone ESP Modular Clock

This clock is expandable up to 13 zones. We have provided multi conductor cable marked for 13 zones and a common. Just drop the cable into a valve box outside the station.

Horse Power - GPM	PSI	Voltage - Phase	Part Number	Price
